2012 SCHOLARSHIP

PURPOSE

The Colorado Association of Career Colleges and Schools (CACCS) Scholarship was created to encourage and assist qualified students to continue their education. It was also designed to motivate students to attend colleges within the State of Colorado and to recognize the importance of the private technical trade schools. The scholarship may be used at any post-secondary private technical college that is a member of the Colorado Association of Career Colleges and Schools (list enclosed).

ELIGIBILITY

Students are eligible to apply for the Colorado Association of Career Colleges and Schools Scholarship if they are:

1. High school seniors, high school graduate, or have a GED.
2. Currently enrolled or planning to enroll in a full-time course of study at any CACCS member institution in the state of Colorado. Students must have been accepted by the institution during the year for which the scholarship is awarded.
3. Maintaining a minimum of a "B" average while in high school or while enrolled in a CACCS member school.
4. A resident of the State of Colorado.

THE AWARD

The Colorado Association of Career Colleges and Schools Scholarship will award two (2) scholarships for each year. The scholarships will be \$1,000 each. One recipient will be a high school senior, and one will be post high school, residing within the State of Colorado. This is designed to gain more exposure of the CACCS. Awards may be used for tuition, fees, books, or supplies at the college selected. The scholarship must be used during the calendar year for which the scholarship is awarded. If the recipient for some reason fails to enter a school within the calendar year for which the scholarship is awarded, that recipient will forfeit the scholarship. The Committee, at that time, reserves the right to award the scholarship to another recipient.
